

Employer Information Guide

“Businesses that score highest on employee satisfaction realize nearly three times the return on assets than those who ranked lowest.”

- IBM SMARTER WORKFORCE INSTITUTE

RideOn Commuter Services is funded by the FDOT and offers these services to your organization at no cost:

- Consulting services to businesses and local governments to develop customized transportation strategies
- Individual ride matching and carpool/vanpool coordination
- Emergency Ride Home Program

Our experienced professionals will help you develop and implement a plan specifically tailored to your organization and the needs of your employees.

RideOn Commuter Services provides tools and strategies that:

- Amplify your recruiting power
- Reduce employee transportation barriers
- Boost employee engagement and morale
- Reduce employee parking demand
- Spotlight your business as a Best Workplace for Commuters

The RideOn Commuter Assistance Program is an initiative generously funded by the Florida Department of Transportation, District 3 – providing free transportation consulting and programs to organizations across northwest Florida.

Employer Benefits

Expanded Recruiting

By implementing strategies to reduce transportation barriers, doors are opened to a much larger talent pool. It's value added to a benefits package, at no cost to you.

Employee Retention

RideOn provides transportation assistance that helps support work-life balance, build personal connections and reduce costs associated with employee turnover and new-hire training.

Employee Engagement

Workers who share their commute arrive happier and are more productive. Increases in loyalty and morale are proven predictors of business success.

IRS Fringe Benefits

Organizations and their employees may be eligible for IRS Qualified Transportation Fringe Benefits. For more information visit: www.irs.gov

With the RideOn App - employees can get directions, find rides, and log trips on the go.
