

How to use the Cool to Pool Rideshare Mobile App

The Cool to Pool Rideshare App is an abbreviated version of the web application version. You will get access to the following features: searching for commute options (carpool, bike, walk and transit); login trips in the commuter calendar; searching for new carpool partners; e-mail potential carpool partners; searching transit routes; and information on the carpool vehicle. You will not be able to get an Emergency Ride Home (ERH) voucher with this app. You can only request and print an ERH voucher as well as manage your carpool registration (add / delete carpool partners) from your desktop computer at this time.

To download the App search in Google or Apple App stores as “CooltoPoolRideshare”
